Since that time, various acts have been passed relative to their powers and duties. Nothing in this act contained shall be deemed to affect the authority of the Board of Health, nor the mode of appointment of the Health Officer, Resident Physician, or Commissioners of Health of the city of New York, or to prevent the Health Officer from selecting his own medical assistants, other than those of the Marine Hospital, for any duties required by law to be dis-

2. 3. To report to the Health Officer in writing, from time to time, and as often as may be, the persons sufficiently recovered from sickness to be discharged from said hospitals, or any of them.

4. To receive into the Marine Hospitals all persons of contagious, infectious, or pestilential disease, which may be sent thither by the Health Officer, or under his authority, or under the authority of the Board of Health of the city of New York, except itch and syphilis, which shall not be construed as diseases entitling those suffering from them to be admitted as patients into the Marine Hospital ;

this act, and all the expenses of such marine or other hospital for quarantine purposes, shall, as far as practicable, be defrayed by said Commissioners out of and from the moneys and securities in this act specified; but nothing in this act ^{Restriction} contained shall be so construed as to authorize the payment of any salary or compensation for services rendered by said Commissioners of Emigration, or any of them. (1849, *ch.* 350, § 20.)

§ 6. The Physician of Marine Hospital shall present to the ^{Annual report of Physician of Marine Hospital} Legislature, annually, on or before the first of March, a report of the general condition of the Hospital under his charge, with the statistics of the Institution in detail, and such other information and suggestions in regard to the same as he may deem advisable, and testify the same by his affidavit; he shall also furnish to the Board of Health of the city of New York, and to the Commissioners of Emigration whenever required by them so to do, an official return of the numbers and diseases of the patients in the Marine Hospital. They shall defray the expenses of such patients out of the moneys by them received on account of bonds or commutation. They shall also receive and provide for all other patients or passengers who shall have landed from any vessel at the port of New York, affected with any contagious or infectious disorders, who shall be directed to be so received by the Health Officer, or the Board of Health; they shall be entitled to receive for each person so admitted (other than aliens as above mentioned), at the rate of three dollars per week for their support and medical care, which shall be at the expense of the owner or consignee of any vessel in which such person shall have arrived, and from which they shall have landed, and no vessel shall be permitted to leave quarantine until such expense shall have been paid, or secured to be paid, to the satisfaction of the Commissioners of Emigration, or the officer duly authorized by them for such purpose.
